EXAMINER'S AMENDMENT

1. This Examiner's Amendment is identical with the Attorney's PROPOSED AMENDMENTS faxed to the Examiner on 8/8/2005 at 9:19AM, with the supplement faxed on 8/8/2005 at 9:55AM, in order to correct a transmission malfunction where page 4 of the initial transmission contained on the same page both pages 3 and 4 of the proposed amendment. Said amendments are made part of this Office Action, and the claims as listed stand. The claims found to be allowable, the restricted-out claims have been rejoined.

2. In addition, the following amendment is made by the Examiner to correct an obvious typo oversight: in claim 24, l. 8 of the claim, "combustor" has been changed to -- combustor can --.

Allowable Subject Matter

3. Claims 1-33 are allowed.

4. The following is an examiner's statement of reasons for allowance: prior art does not teach in combination with the other limitations of the independent claims a can-and-scroll combustor wherein the can comprises cooling holes for the scroll. Note that a "can-and-scroll combustor" is a technical term that defines a specific type of combustor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Nguyen 6912782, Osako 6742989.
